

With a Thermal Haven Nest Box, you provide an instant habitat for hollow dependant wildlife.

For every nest box sold, Greenfleet plants a native tree, legally protected for a century, creating habitat and future hollows.

Greenfleet is a leading not-for-profit environmental charity that has delivered climate action for over 25 years.

Since 1997, Greenfleet has planted over 11.2 million native trees to create more than 550 legally protected forests.

Thanks to you and Thermal Haven, Greenfleet will continue protecting our climate, addressing critical deforestation and growing native forests that are legally protected for up to 100 years.

Together, we are growing our forests, restoring nature, and growing hope for our wildlife.
